# Decision of the Independent Liquor & Gaming Authority Application for hotel licence (full) with minors area authorisation – Miller Park Sport & Recreation Hotel

The Independent Liquor & Gaming Authority considered the application above, and decided on 17 November 2021 to **approve** the application under section 45 of the *Liquor Act* 2007, subject to imposing conditions as set out in Schedule 1.

#### Trading on a Sunday that falls on 24 December

Please note that in the case of any Sunday that falls on 24 December, the 6-hour closure period overrides the statutory provision that would otherwise allow the licence to trade from 8:00 AM. In accordance with the 6-hour closure period for the current licence, the Premises must not trade earlier than 10:00 AM.

#### Concise statement of reasons

A concise statement of reasons for this decision is attached at the end of this letter.

In the interest of efficient finalisation of determined matters in a high-volume liquor and gaming jurisdiction, the Authority will only produce a detailed statement of reasons for applications which are refused, partially approved or the subject of stakeholder objections.

A concise statement of reasons is produced for non-contested applications that have been approved by the Authority, in cases where a statement of reasons is required to be published for the application under section 36C of the *Gaming and Liquor Administration Act 2007*.

The concise statement of reasons briefly sets out the material considered by the Authority, the legislative requirements, and the Authority's key findings.

#### Material considered by the Authority

The Authority has considered the following material in determining the application:

- Application material, including evidence of notification to specified stakeholders and the community about the application;
- Category B community impact statement;
- Premises plan setting out the proposed boundaries of the licensed premises and any applicable authorisations;
- Plan of management for the licensed business at the premises;
- Development consent for the premises;
- Statistics sourced from Liquor & Gaming NSW, Bureau of Crime Statistics and Research, NSW Health and Australian Bureau of Statistics in respect of the socio-economic status, liquor licence density, alcohol-related crimes rates, and health issues in the relevant local and broader communities: and
- Stakeholder submissions in relation to the application, and the applicant's response to those submissions.

#### Legislative requirements

The Authority has considered the application in the context of the following sections of the *Liquor Act 2007*, and the associated clauses of the Liquor Regulation 2018:

- Section 3: Statutory objects of the Act and relevant considerations.
- Sections 11A and 12: Standard trading period for liquor licences and a mandatory 6-hour period during which liquor cannot be sold.
- Sections 14, 15, 15A and 17: Specific provisions in respect of a hotel licence.
- Section 40: Minimum procedural requirements for a liquor licence application to be validly made.
- Section 44: Submissions to Authority in relation to licence applications.
- Section 45: Criteria for granting a liquor licence.
- Section 48: Requirements in respect of a CIS, including a requirement that the Authority
  must not approve the application unless it is satisfied, having regard to the CIS and other
  available information, that the overall social impact of doing so will not be detrimental to the
  well-being of the local or broader community.
- Section 51: General provisions relating to licence-related authorisations.

Section 121: Minors in hotels in company of responsible adult.

The Authority has also had regard to its Guideline 6 in considering the overall social impact of approving the application pursuant to section 48 of the Act.

#### **Key findings**

In accordance with its Guideline 6, the Authority finds that the relevant local community for the purposes of this decision is the suburb of East Branxton, and the broader community is the Local Government Area of Cessnock.

#### Positive social impacts

The Authority is satisfied on the material before it that the proposal set out in the application, if approved, would likely benefit the local and broader communities through the provision of increased liquor access, choice and convenience, in particular since:

- the purpose of the application is to replace the former club licence at the premises, which was surrendered in 2020
- the licence, if granted, will be the only licensed premises in the local community
- the licence will create jobs in the local community, and
- there is a petition with 188 signatures in support of the application.

#### Negative social impacts

The Authority accepts that the proposal may, over time, contribute to an increase in alcohol-related harm in the local and broader community, including alcohol-fuelled violence, health problems and social and amenity issues, having regard to the:

- large scale of the premises
- higher than average liquor licence density in the broader community
- higher than average rates of alcohol-related domestic assault and malicious damage to property in the broader community
- higher than average level of alcohol-attributable deaths in the broader community, and
- relative socio-economic disadvantage in both the local and broader community.

The Authority is nevertheless satisfied that these risk factors are sufficiently mitigated by the:

- lower than average liquor licence density in the local community
- absence of any objections from agency stakeholders or community members
- lower than average rates of licenced premises clustering in the local and broader community
- the fact that the premises is not located in or near any crime hotpots (including domestic violence hotspots), and
- harm minimisation measures set out in the plan of management and licence conditions as set out in Schedule 1.

### Overall social impacts and conclusion

Having considered the positive and negative social impacts that are likely to flow from the applicant's proposal, the Authority is satisfied that the overall social impact of approving the application will not be detrimental to the well-being of the local or broader community.

The Authority is also satisfied that the other legislative requirements for the approval of the application have been met.

Accordingly, the Authority approves the application under section 45 of the Act.
