STATEMENT OF REASONS

Analysis of Submissions and statutory requirements

- (1) Development consent is exempt under the home business criteria as the venue is the residential address of a director of the organisational licensee.
- (2) Police have no objection and proposed conditions which the majority mirror the Liquor and Gaming conditions
- (3) I am satisfied that the applicant has provided consent to imposing the conditions contained in the licence document.
- (4) I am satisfied that the statutory advertising requirements have been met.
- (5) Having reviewed all the material, I am satisfied that granting this application for a small bar liquor will not be detrimental to the local or broader community.

Overall social impact

(1) Positive benefits

The granting of the licence will permit the licensee to cater for both corporate and private events, with a proposed patron up to 300 patrons.

(2) Mitigation of potential negative impacts

I am satisfied that the business model, conditions imposed and any other information contained in the application will provide that the lawful operation of the premises will not be detrimental to the local or broader community.

In particular, the Plan of Management and licence conditions will serve to mitigate any potential negative impacts

Conditions considered by the ILGA delegate

All requests to impose conditions on the licence are reviewed on a case-by-case basis and a merit-based assessment is conducted.

In considering whether a proposed condition has merit, delegates consider: (a) whether the need for the condition has been adequately established (b) whether the benefits of imposing the condition are likely to outweigh the costs and (c) whether the proposed condition is proportionate to the potential harm identified.

Table 1 sets out the conditions which I have decided to impose on the licence, and the Table 2 sets out conditions put forwarded for consideration which I have decided not to impose, and the reasons for that decision.

TABLE 9: - Reasons for not imposing requested conditions.

A	Do not impose. Already covered by the Liquor Act.
B	Do not impose. Already covered/already a condition in the DA.
C	Do not impose. Not a relevant condition for this licence type. Condition sought is generally only imposed on high-risk licence type or in exceptional circumstances. Exceptional circumstances have not been sufficiently made out by the person putting forward the condition.
D	Do not impose. This condition would be more restrictive than similar venues in Kings Cross which remains subject to the lockout laws in 2020.
E	Do not impose. Small Bars are considered low risk. 2016 Review of Small Bars found Venues with a small bar licence have a lower incidence of alcohol-related violence than venues operating as a small bar under another type of liquor licence. Smaller bars have a lower incidence of alcohol-related violence than other types of licensed venue.
F	Do not impose. Already covered in the Plan of Management. Plan of management condition has been imposed.
G	Do not impose. Not in alignment with the business type, risk associated and would impose disproportionate unnecessary financial and operational burden (small business).

Liquor & Gaming NSW

H	Do Not Impose. Being part of a liquor accord is not compulsory / on a voluntary basis only. Exceptional circumstances for imposing condition have been sufficiently made out by the person putting forward to the condition.
I	Do not impose – wording not consistent with ILGA/L&GNSW conditions – ILGA/L&GNSW condition wording has been imposed instead.
