STATEMENT OF REASONS

Analysis of Submissions and statutory requirements

- (1) Consent is not required for the use of the premises as On-premises liquor licence for catering service with sale on other premises authorisation (SOOPA), as the premises is a residential home office.
- (2) A Police submission was received and have no concerns
- (3) Council advised that they have no objection to the liquor licence.
- (4) No submissions were received relating to any issues with the application
- (5) The licensed premises will be a business office where sales invoices are processed on-line. The sale on other premises authorisation will enable the licensee to host events/functions at various locations away from the business-office.
- (6) I am satisfied that the applicant has been provided with an opportunity to consider and comment upon the conditions contained in the licence document.
- (7) I am satisfied that the statutory advertising requirements have been met.
- (8) The sale on other premises authorisation, (SOOPA), is to be used in conjunction with council and pre-determined events where notification requirements are a requirement.
- (9) Having reviewed all the material, I am satisfied that granting this application for an on-premises liquor licence with catering service will not be detrimental to the local or broader community.

Overall social impact

(1) Positive benefits

The licensee will host a variety of events which may on occasion be organised in tandem with businesses. The permanent on premises-catering service with the sale on other premises authorisation will negate the requirement to apply for limited licences for any given event. A suite of conditions imposed on the licence will ensure that; notification timeframes and function specific plan of managements will be in place, depending on the proposed patron capacity. Responsible services of alcohol guidelines and measures will always be in place. catering for various types of events, functions, whether they be private or public and include, but not limited to weddings, birthdays, anniversaries, corporate events, shows, product displays, public events etc

(2) Mitigation of potential negative impacts

I am satisfied that the granting of the liquor licence, with the conditions imposed, will ensure that the lawful operation of the premises will not be detrimental to the local or broader community.

Conditions considered by the ILGA delegate

All requests to impose conditions on the licence are reviewed on a case-by-case basis and a merit-based assessment is conducted.

In considering whether a proposed condition has merit, delegates consider: (a) whether the need for the condition has been adequately established (b) whether the benefits of imposing the condition are likely to outweigh the costs and (c) whether the proposed condition is proportionate to the potential harm identified.

The **Proposed conditions imposed on the licence** sets out the conditions which I have decided to impose on the licence, and the **Proposed conditions not imposed on the licence** sets out conditions put forwarded for consideration which I have decided not to impose, and the reasons for that decision.

Proposed conditions imposed on the licence

1) 000050 Retail closure period

Section 11A of the Liquor Act 2007 applies to this licence. Liquor must not be sold by retail on the licensed premises for a continuous period of 6 hours between 4:00am and 10:00am during each consecutive period of 24 hours. The licensee must comply with this 6-hour closure period along with any other limits specified in the trading hours for this licence.

2) Restricted trading & NYE (airport, catering - std)

Consumption on premises

Good Friday: Normal trading

Christmas Day: Normal trading

December 31st: Normal opening time until normal closing time or 2:00 AM on New Year's Day, whichever is the later

3) Sale of liquor on other premises under an on-premises licence

Where liquor is sold on any premises other than the actual licensed premises under a sale on other premises authorisation, those other premises are taken to be part of the licensed premises.

4) On-Premises Catering with a sale on other premises authorisation

The licensee must not exercise the sale on other premises authorisation at locations/venues where there is already a current and valid liquor licence in force.

8) **Further notification for large events**

For events with 5000 or more patrons, the licensee must give 6 weeks written notice of any proposed function to be held on premises that are not the permanent licensed premises of the licensee to Liquor & Gaming NSW, local police and the local council for the area in which the function is to be held.

9) **Notice of functions must be provided to Liquor & Gaming NSW, local police and local council**

However, there may be times where a licensee is unclear whether liquor can be sold or supplied on certain premises under the related development consent (e.g., on a business premises). In these instances, the licensee should still notify the local council, or seek clarification from the council about what is permitted.

- the address of the premises on which the function is to be held

Community impact test

1. Under section 48(5) of the Liquor Act 2007, the delegate must not grant a licence, authorisation or approval of a kind prescribed by section 48(2) of the Act unless the Authority is satisfied, having regards to the Community Impact Statement, where required, and any other matter the delegate is made aware of during the Application process, that the overall impact of the licence, authorisation or approval in question being granted will not be detrimental to the local or broader community.
2. The test applying under section 48(5) relates to delegated decisions in relation to:

Reasons for not imposing requested conditions

- **A** – Do not impose. Already covered by the Liquor Act.
- **B** - Do not impose. Already covered/already a condition in the DA.
- **C** - Do not impose. Not a relevant condition for this licence type. Condition sought is generally only imposed on high-risk licence type or in exceptional circumstances. Exceptional circumstances have not been sufficiently made out by the person putting forward the condition.
- **D** - Do not impose. This condition would be more restrictive than similar venues in Kings Cross which remains subject to the lockout laws in 2020.
- **E** - Do not impose. Small Bars are considered low risk. 2016 Review of Small Bars found Venues with a small bar licence have a lower incidence of alcohol-related violence than venues operating as a small bar under another type of liquor licence. Smaller bars have a lower incidence of alcohol-related violence than other types of licensed venue.
- **F** - Do not impose. Already covered in the Plan of Management. Plan of management condition has been imposed.
- **G** - Do not impose. Not in alignment with the business type, risk associated and would impose disproportionate unnecessary financial and operational burden (small business).
- **H** - Do Not Impose. Being part of a liquor accord is not compulsory / on a voluntary basis only. Exceptional circumstances for imposing condition have been sufficiently made out by the person putting forward to the condition.
- **I** - Do not impose – wording not consistent with ILGA/L&GNSW conditions – ILGA/L&GNSW condition wording has been imposed instead.
